EAT. DRINK. CHANGE LIVES.

Our restaurant is equal parts dining room and classroom: While our interns are working on providing thoughtful dishes with top-notch service, they're also learning that they can (and will) rise to whatever level of expectation is set for them. While enjoying the results of their hard work and determination, you're also sending them a message that you believe in them. Thank you for helping to change the lives of our community's justice-involved youth.
